"COMPARATIVE ANALYSIS OF CHALLENGES FACED BY INTERNATIONAL POSTGRADUATE STUDENTS BEFORE AND AFTER COVID-19 IN THE GREATER TORONTO AREA."

Pre Covid Situation

Post Covid Situation

Financial Situation

The high expense of living in GTA was major obstacle

Loss of jobs during COVID -19 affected financial condition of students

Challenges faced by international student

Health Related Situation

Stress, anxiety due to financial constraints, cultural barriers and academic pressure.

Depression, anxiety due to social isolation along with other pressure.

Employment Related Situation

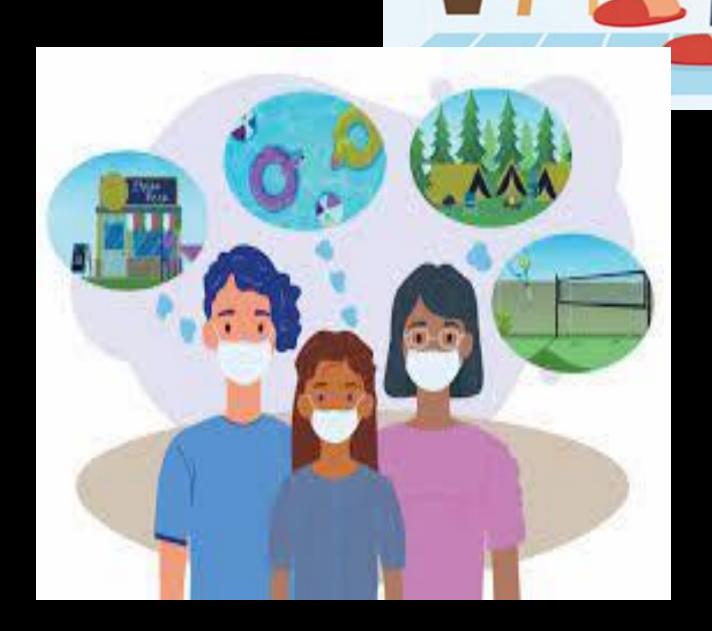

Managing part-time job and studys was a challenge for international students

Getting a job itself was a challenge post-covid situation due to recession

Accommodation Related Situation

Renting a house was difficult but still manageable at affordable prices

Due to people returning home, it was simple to find housing, but because prices had increased, it was no longer affordable.
